PROFESSIONAL EXPERIENCES

Graphic Design Marketing Intern

Fraser Health Authority

May/2025 - November/2025

- Collaborated with physicians and coordinators to design an infographic poster for physician training using Canva; selected for final program presentation, translated complex medical content into clear, engaging visuals
- Proposed and structured a new learning system using Canva, created UI layouts and guidance materials using Canva and Figma to support physician navigation of the platform, improving training material organization and accessibility
- Supported in-person training operations, ensuring smooth setup and responding quickly to real-time needs

TECHNICAL PROJECT EXPERIENCES

2D Game Concept Design

Digital Games: Genre, Structure, Programming

April/2024 - August/2024

- Developed engaging gameplay experiences using mechanical coding and color balance to create a cozy and immersive aesthetic.
- Created distinctive visual assets by hand-drawing characters and backgrounds, enhancing the game's artistic appeal and thematic consistency.
- Applied strong time-management skills to ensure the work remained durable and met the highest quality standards.

Web Design

Information Design

January/2024 - April/2024

- Developed a foundational HTML and CSS template, adopted by the team to ensure consistency, maintain a clear feature hierarchy, and enhance readability.
- Designed a visually appealing user interface, effectively organizing and presenting all required information for optimal user experience.
- Ensured alignment with the customer's brand and expectations by carefully arranging graphic elements and adhering to the established style guide.

VOLUNTEER EXPERIENCE

Creative/Design Member

Omis Organization/ Non-Profit Organization

April/2020 - September/2020

- Produced compelling illustrations and designs that effectively communicated themes like gender, amplifying audience engagement significantly.
- Delivered high-quality visuals for social media, growing follower interaction and increasing brand visibility.
- Conceptualized and executed designs that simplified complex ideas into relatable visual narratives.
